

OWNER'S HANDBOOK

VOYAGER

A large, faint watermark of the Royal Coat of Arms of the United Kingdom is centered in the background. It features a shield supported by a lion on the left and a unicorn on the right, topped with a crown. The shield is divided into four quarters with various heraldic symbols. A ribbon scrolls across the bottom of the shield with the motto 'DIEU ET MON DROIT'.

## INTRODUCTION

## DAVID STEWART DAWSON

**One and a half century  
of authentic brand history**

David Stewart Dawson was one of the most influential Masters of Watches from last century. It was 1871 when David Stewart Dawson, then 22 years old, founded an innovative and successful

watches and jewelry store in Liverpool. Not long after, David Stewart Dawson had established itself in the renowned boutique in London, Regent Street.

For one and a half century our brand has being historically famous for its exclusive collaborations with leading watch brands such as Rolex, Omega, Jaeger-LeCoultre and other prestigious watchmakers for rare and luxurious timepieces. inspired by a timeless aesthetic with the

ambition to create a distinctive and recognizable collection of technically perfect watches with a unique sophisticated look.

## DESCRIPTION

## VOYAGER

**An essential and at the same time elegant ritual to keep your time under control in two zones**

“Voyager” is an indispensable and timeless piece for classy and sporty male wardrobe, perfectly matching the gentleman’s rules of dressing, consequently is the first choice for professionals that value the simple and beautifully intuitive two zones functionality and the efficiency of the SuperLuminova indexes, not to mention the design of the dial perfectly combined with the Stainless Steel 316L case.

“Voyager” combines the Stewart Dawson London historical heritage with a contemporary classy and sporty attitude to perfectly complete the connoisseur’s wardrobe and meet everyday rituals. The time-keeping accuracy on two time zones represents a unique feature when you need to simultaneously display a secondary time zone, either if your travel frequently for work, or just need to keep your calendar appointments in the right time zone.

## FEATURES

## SETTING TIME AND DATE

1. Crown screw-in position
2. Manual winding
3. Date setting
4. Time setting

In normal position 1 (wearing position) the crown is positioned against the case, the crown ensures that the watch is water-resistant.

**ATTENTION:**

**IF THE CROWN IS NOT SCREWED-IN (POSITION 1)  
WATER CAN PENETRATE INTO THE MOVEMENT AND  
DAMAGE IT PERMANENTLY.**

S·D&C<sup>o</sup>

## FEATURES

## SECOND TIME ZONE

With a bi-directional 12-hour bezel, there is no need to adjust the hands: a simple rotation of the bezel is enough to get another time zone.

Simply rotate forwards or backwards, according to the time zone you wish to set.

Example: If you are travelling to London and want to know what time it is at home, you would rotate the bezel 5 clicks to the right until the "7" appears above the 12 o'clock mark on the watch. You can read the local time by where the hands are pointing on the dial and the "away" time according to where the hands are pointing on the bezel.

In this case, you can read 5:10 in NYC and 10:10 in London.
